As schools, business, tourism, and life return to normalcy It is time to Restore Regular Routed and Scheduled Public Transit to Cobourg that all people could use and stop the illogical exclusionary On-Demand System.

I write again at this time because

I wrote 2 months ago in Nov 2022.

I understand letters are to be read at Council and recorded. I have had no acknowledgement from Council of receipt or reply. I will not recount it all here.

We all share tax dollars we pay for things we dont or cant use (For me skate board park marina fireworks Levee ice skating and the library is "free")

But we share. The one thing we can all use and share is the bus. Please restore the transit. Other towns do not have this cab-style.

Above all I continue to commend and thank our Cobourg drivers for courtesy, patience, and assistance.

Our transit drivers are the best.

Please prioritize snow removal from King (\$ division). Do not plow it into the curb and leave it piled in the curb. Take it away first chance. Can't park, get out of car or bus over curb mountains on the main streets.
